

*A spring that is to be noticed by God
can not be confined only to the trees and fields:
its power must also enter into human beings.
For then it continues to happen, not in time,
but rather in eternity, so to speak,
and in the presence of God*
- R. M. Rilke

*In every human being who is healthy and natural, there
is a germinating force as in a grain of wheat. What the
germinating force is in the grain of wheat, love is in us.*
-Vincent van Gogh
